

## **FEYEN ZYLSTRA SELECTS PHOENIX AUDIO TECHNOLOGIES AS PARTNER FOR COLLABORATION ENVIRONMENT SOLUTIONS**

IRVINE, Calif. (BUSINESSWIRE)— [Phoenix Audio Technologies](#) announced today that it has partnered with [Feyen Zylstra](#) (FZ) to provide high end audio solutions for its clients' collaboration spaces. Known for its complex electrical and automation services, FZ is expanding its offering to now provide audio and visual solutions for conference room environments. FZ has chosen Phoenix Audio Technologies' best in class products to serve as the audio endpoints for all of its future projects.

"We are excited about this partnership," says Jonathan Boaz, Phoenix Audio VP of Sales. "Feyen Zylstra will introduce our products to a new market segment and allow end users to design their collaboration environments with the technology that will complete the room in mind."

"As for Feyen Zylstra, we are energized by the products' uniqueness to the industry. A great tool for AV/IT Integration, the Phoenix Audio solutions bring quality audio into conferencing spaces that traditional conference phones cannot provide," said John Riley, Feyen Zylstra Director of AV Services. "Our experience with the [Condor](#) and [Spider](#) confirms that the customer's facilities department admires the aesthetics of the products within the spaces and the IT department understands how it works with their network and telephony."

### **About Phoenix Audio Technologies**

Based in Southern California, Phoenix Audio Technologies is a leading innovator of audio communication solutions, striving to provide audio and video conferencing with simple-to-install, easy-to-use, high quality audio. The company designs and manufactures products that address the fast pace changes in communication trends, conferencing environments, and connectivity technologies. Phoenix Audio's proprietary audio algorithms aim to improve the communication experience and enable people to speak freely and naturally with as little compromise in quality as possible.
